# DRAW & GUESS

Cut out the cards below. Players take turns to draw what is on their cards (no talking or no actions). It can be people, objects, etc. To make it easy - name the topic before drawing. "This is an object", or "This is a Bible character ", etc. You can play in teams: the player who draws and the other players(s) who guess should be in the same team. Any correct guess gives the team one point.
